

ALL-IN-ONE SERIES • OEM ARTWORK

ECO PRO

ARTWORK GUIDE

This packet prepares branded artwork for the PROXY ECO PRO. Page 2 is the original factory dieline at 1:1 scale. Place your artwork within the marked OEM printing areas, keep the oil window and display clear, and return both a production-ready file and your editable source.

Prefer a guided setup? PROXY's online configurator places and measures artwork on the ECO PRO for you, front and back, checks resolution at print size, and flags anything that crosses the oil window or the display.

FRONT

BACK

PRINTABLE AREA

Device	ECO PRO • 38 × 16 × 68 mm
Surfaces	Front • Back – marked on Page 2
Front area (W × H)	33.50 × 52.00 mm • 15.64 mm from device top
Back area (W × H)	33.50 × 52.00 mm • 15.64 mm from device top
Keep clear	Oil window • 12.29 × 15.73 mm • front and back • keep the front display readable
Body & finish	Translucent only • Standard Molded Color, Translucent PC • no applied finish

All dimensions are derived from the factory-supplied 1:1 dieline. The drawn print boundaries on Page 2 are authoritative.

ARTWORK SETUP

Scale	Work at 1:1 against the Page 2 dieline
Accepted formats	PDF • SVG • PNG • JPG
Artwork files	Vector preferred • raster below ~150 ppi at placed size is flagged for review
Brand colors	List Pantone (PMS) references where defined and include them with your files
The dieline	Reference only – place artwork against it, never redraw or rescale it
Mouthpiece	Fixed translucent, matched to the body color • not customizable

On-screen color is an approximation. Production color is matched to the confirmed Pantone reference.

FILE DELIVERY

1 • Production file	Final artwork at 1:1 on the Page 2 boundaries – PDF or SVG preferred
2 • Editable source	Original working file, kept editable – changes never mean redrawing
Submission	Configurator Step 2 upload • or via your PROXY representative
Printing	UV print or silk screen • front and back • display: no factory keepout, overlap flagged

BEFORE YOU SUBMIT

- ✓ Artwork sits inside the marked OEM printing areas on Page 2
- ✓ Oil window kept clear on both surfaces • display left readable on the front
- ✓ Prepared at 1:1 • factory dieline unaltered
- ✓ Production file and editable source both included
- ✓ Pantone references listed for any PMS-defined brand colors
