Premium Glass Cartridges

ENGINEERED FOR
CONSISTENCY.
BUILT FOR PERFORMANCE.

Premium borosilicate glass cartridges engineered for consistent vapor production and long-term reliability.

Designed for clean flavor, broad oil compatibility, and OEM customization for your brand.

**PREMIUM MATERIALS**

Borosilicate glass, food grade ceramic and 316L medical grade stainless steel components.

**VERSATILE COMPATIBILITY**

Open top fill format, compatible with most filling machines.

**SUPERIOR PERFORMANCE**

Engineered for clean, consistent vapor and enhanced flavor delivery.

**OEM CUSTOMIZATION**

Customizable resistance and aperture sizes to complement unique extracts.
